

## Miller Walker Basin Stewardship

For information on the conditions of Miller and Walker Creeks and volunteer opportunities, web search for "Miller Walker Creeks" or go to:

**[www.kingcounty.gov/environment/watersheds/central-puget-sound/miller-walker-creeks.aspx](http://www.kingcounty.gov/environment/watersheds/central-puget-sound/miller-walker-creeks.aspx)**

### Here you will find:

- Volunteer calendar
- Salmon information, and how to volunteer for "CSI Highline" Community Salmon Investigation
- Stream flow and water quality information
- Photos of the creeks
- Stormwater retrofit information about cleaning up runoff
- Yard care and stream care tips for homeowners

To schedule a group volunteer event, sign up, or get assistance with streamside yard care, contact:

**Elissa Ostergaard**, Miller-Walker Basin Steward  
at [elissa.ostergaard@kingcounty.gov](mailto:elissa.ostergaard@kingcounty.gov) or call **206-477-4792**.

*The Miller-Walker Basin Stewardship Program is funded by the cities of Burien, Normandy Park, SeaTac; King County; and Port of Seattle, with services provided by King County.*

# Get involved in outdoor activities with the Miller Walker Basin Stewardship Program

# Miller-Walker Basin Stewardship

**THE GOALS** of the Miller-Walker Basin Stewardship Program are to clean up and improve the health of Miller and Walker Creeks for fish and people, and be a resource for information and assistance for community members about the health of the local environment and Puget Sound.

## The Miller-Walker Basin Steward is available to provide the following services:

### Stay informed...

Sign up for emails to find out about results of current programs, upcoming volunteer opportunities, and educational presentations by visiting the Miller Walker website:

**[www.kingcounty.gov/environment/watersheds/central-puget-sound/miller-walker-creeks.aspx](http://www.kingcounty.gov/environment/watersheds/central-puget-sound/miller-walker-creeks.aspx)**

### Stream Restoration Volunteer Events and Assistance

- Join a volunteer forest restoration work party! Everyone is welcome, no experience necessary, tools, training and snacks are provided. Check the Volunteer Calendar on the web for the schedule.
- Contact the Miller-Walker Basin Steward to schedule your group for a special event.
- Streamside landowners can get help with plant identification, ideas for plant management near creeks and wetlands, plant selection, and assistance with paying for restoration, including grant-writing.

### Green Stormwater Infrastructure Resources

- Help and funding are available to reduce polluted runoff, reduce ponding, and build rain gardens.
- Low impact development resources, including maps of infiltration potential in the Miller-Walker basin, are on the Clean Stormwater web page.

### Monitoring Information: How Healthy Are Miller and Walker Creeks?

Did you know that coho and chum salmon spawn in Miller and Walker Creeks each fall?

- Find out how many salmon spawned and other information from 2010 to the present.
- Volunteers are needed for Community Salmon Investigation (CSI) for Highline each fall, October through December.
- Stream flow, water quality, and other measurements are taken regularly to track the health of Miller and Walker Creeks. See the Monitoring section of the web site to find out more!
